CAPT, Dental Corps, USN  
Executive Board, Southern Methodist University

**Tena Dunaway Farr**  
Shannon Stock Farm  
Corral de Tierra, California  
Matamata, New Zealand

## \*\*\* FOR IMMEDIATE RELEASE\*\*\*

In 2009 Clear Rounds for Clean Water was able to make a donation that had matching funds from Rotary District 5950 as well as The Rotary Foundation and World Vision. For every \$100 that CRforCW donated approximately \$700 went directly to the water project when all the matches were combined. Rotary International will partner with World Vision to implement this water and sanitation project in the Amuru, Gulu, Kitgum and Pader Districts of Northern Uganda affecting 124,000 people. As of December 8, 2009 Clear Rounds for Clean Water shares in this humanitarian effort. In 2010 CRforCW is looking towards a project that again promises tremendous matching funds for work in Honduras.

I have listed websites for further information and the CRforCW website will have updates and pictures posted before February 1, 2010. Let me personally express my tremendous thanks and appreciation to the city of Tyler, Texas, the Tyler Rotary and the Bullard Rotary in District 5830, and for all who contributed their time and money.
