

CLEAR ROUNDS *for* CLEAN WATER

CR FOR CW HORSE SHOWS BENEFIT
ROTARY INTERNATIONAL
GLOBAL SAFE CLEAN WATER INITIATIVE

ENDORSEMENT LETTER FROM DR. NANCY EVANS

Dear Jo Jo and Britt —

I am honored to be asked to be a part of your efforts to bring a better life to those less fortunate. We are a global community and it is America's duty and our mission to provide humanitarian relief to those who need it.

Terrorism thrives in impoverished, desperate environments. From the Horn of Africa to Indonesia; Afghanistan to Bosnia; we must strive to alleviate suffering and poverty. And we must do it with an awareness and regard for other cultures and religions. The first part of any conversation with any nation starts with the basic fundamentals of safety. No one can listen or learn or share when they are persecuted, starving, or without shelter.

In the near future, water will be our most valuable resource. Oil needs will dim in comparison to the need for everyone to have access to clean, safe water.

The 21st Century must focus on becoming a truly interactive, global community and we must all be aware of the needs of our neighbors. Thank you for reaching out to our "community-at-large".

Sincerely,

Dr. Nancy Evans
